Let’s Play Name That Strip

Sinus Brady

Sinus Tach

Sinus Arrhythmia
Wandering Atrial Pacemaker

Sinus Rhythm with PAC’s

Supraventricular Tachycardia

Sinus Arrest
PSVT
It Starts or Stops Suddenly

• Sinus Rhythm with Trigeminy PVCs

• Accelerated Junctional Rhythm (no P-waves)

Atrial Flutter
See the Sawblade?
• 2nd Degree Type I (Wenckebach)

• Wandering Atrial Pacemaker......note the different or absence of P-waves

• SR with 1st Degree AV Block
Sinus with 1 PJC
No P-wave at the premature complex

Sinus Rhythm with 1st Degree AV Block

Type I 2nd Degree AV Block

• Sinus Rhythm with 2 PACs
Type II 2nd Degree AV Block

3rd Degree AV Block

V-Tach

- Atrial Fibrillation
• SR with 1\textsuperscript{st} Degree AV Block, a PVC and Triplets of PVCs

Junctional then Torsades

Fine V-Fib

• SR with 1\textsuperscript{st} Degree AV Block
• Atrial Fibrillation

• Sinus Rhythm with PJC

Idioventricular

Asystole
Sinus Rhythm with Artifact

- Junctional Tachycardia (no P-waves)

Type I 2\textsuperscript{nd} Degree AV Block

Sinus Rhythm with PAC’s
Atrial Flutter

Normal Sinus Rhythm

- Junctional Rhythm (no P-waves)

- 2nd Degree Type I AV Block (Wenckebach) with (ST Elevation)
Sinus Bradycardia

Sinus Tachycardia

Sinus with PAC’S

• 2nd Degree Type II AV Block (with wide QRS)
• 2nd Degree Type II AV Block

Sinus with Multifocal PVC’S

Sinus with PJC’S

• Atrial Fibrillation
- 3rd Degree AV Block (with wide QRS)

Sinus with Unifocal Couple PVC’S

Type I 2nd Degree AV Block
• A-Flutter with Bigeminy PVCs

3rd Degree AV Block

• Junctional Tachycardia. See the inverted P-waves?
Atrial Flutter

Accelerated Junctional Rhythm

Sinus Rhythm with 1st Degree AV Block

Junctional Rhythm
Sinus Tach

Pacemaker Rhythm

• 3rd Degree AV Block (with narrow QRS and tall T-Waves)

Course V-Fib
V-Tach
